

Paweł Dybiec

✉ pdybiec@stud.cs.uni.wroc.pl
Computer Science and Mathematics Student

Education

University of Wrocław <i>MSc</i> Computer Science	Wrocław <i>2018-now</i>
University of Wrocław <i>BSc</i> Joint Studies in Computer Science and Mathematics (ISIM) Implementation of both programs (CS and Math) on higher tier courses with groups dedicated for ISIM students Completed studies with GPA 4.138. (scale: lowest 2.0, highest 5.0)	Wrocław <i>2014-2018</i>
14th High School Courses of Mathematics, Computer Science at the extended level	Wrocław <i>2011-2014</i>

Experience

Fibertide <i>Cloud Infrastructure & Software Engineer</i> Building reliable systems in AWS and GCP	Wrocław <i>2017-now</i>
CERN <i>Openlab Summer Student</i> Quality Assurance Framework for Linux releases delivery	Geneva <i>2017</i>
14th High School <i>teacher for middle school students</i> Conducting classes for students preparing for Polish Olympiad in Informatics for Middle School Students Every year few of students from those classes reach finals in Polish Olympiad in Informatics for Middle School Students	Wrocław <i>2015-2018</i>
14th High School <i>teacher at the Educational Camp for high school students</i> conducting classes for students preparing for Polish Olympiad in Informatics Every year lot of students from this camp reach finals in Polish Olympiad in Informatics	Wrocław <i>2014-2018</i>
Plus GPS Q4B <i>C++ Summer trainee</i>	Wrocław <i>2015</i>

Skills

Programming languages: C++, C, Python, OCaml
Tools: Linux, FreeBSD, git, bash, ansible, terraform
Others: Algorithms, Operating systems, Functional Programming, Statistics, Formal Verification
Languages: Fluent in English language

Projects

N₀ - Martian rover: Team leader

Goal of the project is to build autonomous/controlled martian rover prototype for competitions like University Rover Challenge
`continuum.uni.wroc.pl`

Pizza - programming contest: Responsible for bots and visualizations

PIZZA is a programming contest, where bots developed by participants are competing with each other.
`contest.pizza`

Mimiker - operating system kernel:

Small BSD-like kernel created at University of Wroclaw.
`github.com/cahirwpz/mimiker`

Competitive Programming

CERC: Central Europe Regional Contest

AMPPZ: Polish Collegiate Programming Contest

OI: Polish Olympiad in Informatics

MWPZ: Local, open ICPC-like contest

Other

Github: `github.com/dyniec/`

Codeforces: `codeforces.com/profile/dyniec`

Hobbies: tabletop games, books, Competitive programming
